MEMORANDUM FOR: Acting Deputy Director (Plans)

SUBJECT : Backlog of Agency Regulations

Dick:

1. I have received reports periodically over the past three or four months on the progress made in cleaning up the backlog of Agency Regulatory material that was in the mill. Recent information given me indicates that there is no longer any backlog, and that the coordination machinery appears to be working much more smoothly and efficiently than in the past.

2. This is very encouraging and I should like to express to you my appreciation for the efforts your Office made in helping to bring about this improvement.

Signed  
L. K. WHITE  
Deputy Director
